

ISP Services :: Domain Management

DMG charge a yearly fee for domain administration and management. Once you have registered a domain through us (or transferred it to us) we will automatically renew the domain for you, preventing you from accidentally losing control of your domain(s). If you do not want your domain renewed, simply contact our technical support team for assistance.

Our yearly charge covers domain management, renewal fees, email forwarding and web forwarding, so there are no hidden extras. Listed below are the most popular domains, if you do not see what you require, please contact us and we will happily quote a price for other domains.

Domain	Yearly Fee
.com	£25
.net	£25
.org	£25
.co.uk	£20
.eu	£20
.info	£25

To discuss your requirements please call our technical department on 01483 407 850 or email us at support@dmgi.co.uk
